

## Just Can't Stop

Running the words,  
Re-living the looks  
Trying to hold on to  
Those little scraps that I took  
I know it ain't real  
I know it ain't true  
But I just...can't...stop  
Thinking 'bout you

Stopped in my tracks  
First time we met  
I keep looking back, baby.  
I cannot forget  
What you made me feel  
The way that you do  
But I just...can't...stop  
Thinking 'bout you

Ain't it a wonder  
Isn't it strange  
Lightning and thunder  
But it never rains

Your voice in my head  
Your face on my mind  
Your lips on my neck...ooohh...  
Your body next to mine  
I know it ain't real  
I know it ain't true  
But I just...can't...stop  
Thinking 'bout you

Baby.  
I just can't stop  
Stop thinking 'bout you  
Thinking 'bout you
